Trip to the Veterinarian

- Health Certificate – from a licensed Vet within 10 days of travel.
- Temperature Acclimation Statement (also from Vet)
 - Delta temperature restrictions are: 10° – 95°
 - American temperature restrictions are 20° - 85°
- Animals 12 weeks or over must have current rabies vaccination.

- On the day before departure, fill one of the dishes with water and freeze it overnight. During travel the ice will slowly melt ensuring a supply of water for your animal.
- Traveling on a full stomach can be uncomfortable. Offer your animal only a light meal and small amount of water a few hours before check-in.
- Don't forget to bring along your documents!!!

Thank you, Runway Pets, Inc.
